

The Bristol Port Company Management System for Ship-Generated Waste

In accordance with Marpol 73/78, EC Directive 2000/59/EC and the Merchant Shipping and Fishing Vessels (Port Waste Reception Facilities) Regulations 2003, The Bristol Port Company operates the following port waste management system:

All **Vessels** visiting Avonmouth and Royal Portbury Docks must send a completed Waste Declaration Form (MS49), or equivalent form, to the **Port** and Agent, at least 24 hours in advance of arrival.

Any complaints regarding inadequacies of waste reception facilities in the port should be addressed to:

During Office Hours (Monday-Friday 08:00-17:00):

Environment Manager

The Bristol Port Company, Marine Department

Avonmouth Docks, Bristol BS11 9AT

Fax: +44 (0) 117 938 1927

E-mail: marine.admin@bristolport.co.uk

Out of Office Hours:

VTS Supervisor

Avonmouth Signal Station

Tel: +44 (0) 0117 982 2257

Fax: +44 (0) 0117 923 5320

E-mail: signal.station@bristolport.co.uk

VHF CH. 14

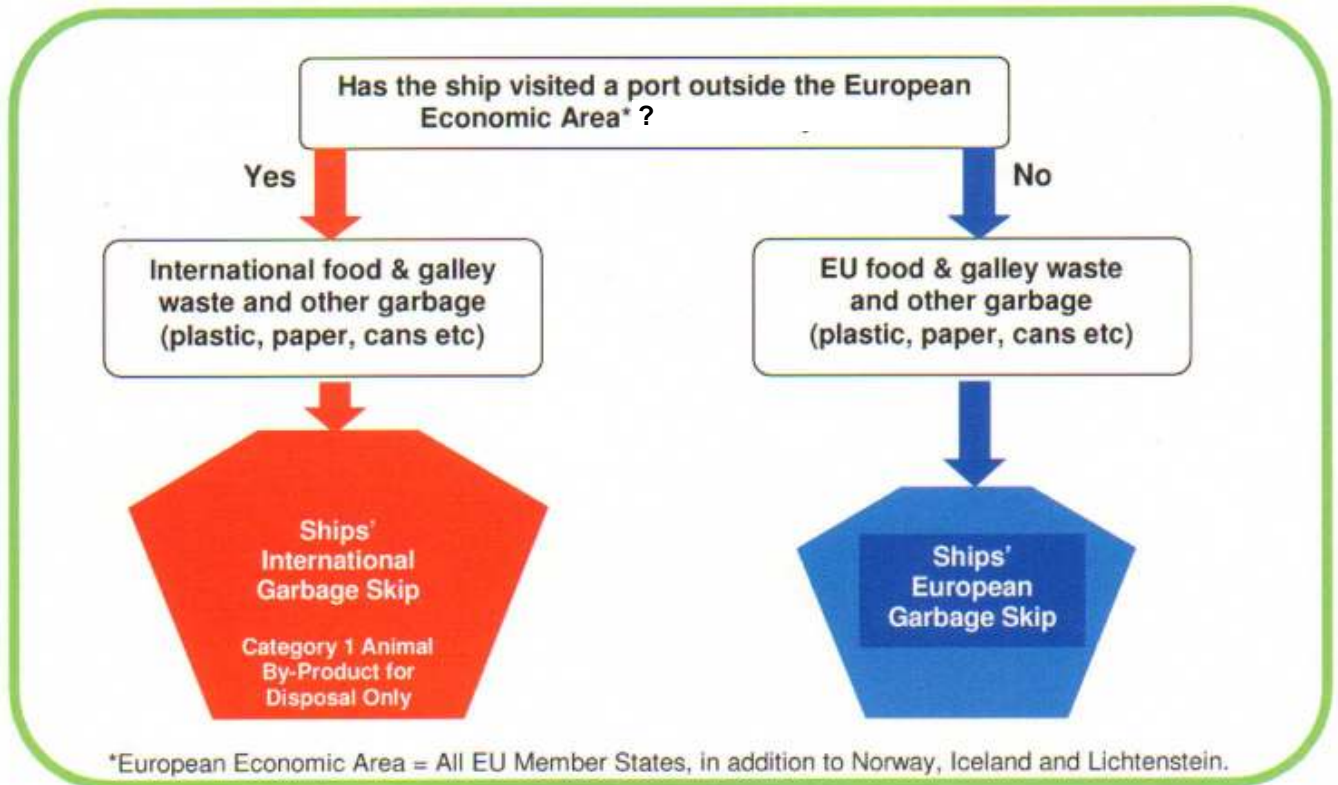

For further information please see The Bristol Port Company's Port Waste Management Plan available from Ship's Agents or the Marine Department.

Summary guidance for vessels landing garbage in Avonmouth and Royal Portbury Docks

All vessels visiting the Port should:

- ✓ Put all ship's garbage in the skip provided in a responsible manner
- ✓ Put garbage in **red International garbage skip only** if ship has visited a port outside the European Economic Area
- ✓ Put garbage in **blue European garbage skip** if ship has **not** visited a port outside the European Economic Area

- ✗ **Do not** leave garbage, or any other wastes, on the quayside (it is a risk to health, safety and the environment)
- ✗ **Never** put Hazardous wastes in any of the Port's skips, including:

- ✗ tyres
- ✗ paint tins & paints
- ✗ batteries (mercury dry cell, lead & nickel-cadmium batteries)
- ✗ fluorescent tube light bulbs
- ✗ drums containing oil or oily residues
- ✗ oil contaminated materials (e.g. oily rags)

- ✗ acids
- ✗ aerosols & coolants
- ✗ adhesives & resins
- ✗ electrical equipment (telephones, monitors, televisions)
- ✗ any other hazardous substances with explosive, flammable, oxidising, irritant, toxic, harmful, or corrosive properties.

Ships' Agents will arrange for the disposal of any hazardous wastes using approved waste contractors.
