

Engineering Apprentices

Functional

Closing: Wednesday 10th August 2022

[Apply Now](#) ^[1]

4 year apprenticeship Basic salary £16,664 per annum (first year) (c£320 per week) plus benefits

If you're keen to learn and ambitious to build a great future, this exciting opportunity is perfect for you.

We want to hear from people interested in undertaking a four-year apprenticeship in either Mechanical Engineering or Electrical Engineering with one of the UK's most technologically advanced ports.

- Successful applicants will gain a variety of new skills and follow a sponsored programme leading to a City and Guilds qualification, which will include attendance at College.
- A minimum of five GCSEs at Grade C or above are required, two of which should be in Maths and English.
- Candidates will be expected to start at the end of August 2022, in order to commence academic training in September.
- You should be physically fit and have a good head for heights.
- A flexible approach to work is important too, as you will be expected to work shifts as you gain experience.
- You will start on a basic salary of £16,664 per annum (approximately £320 per week), which will rise annually on an incremental scale.

So if you're ready to take the first step towards a terrific future, we're waiting to hear from you. To apply, please contact the Personnel Department on 0117 982 0000, or click apply above.
