

## Car Trade Operatives (full-time)

Functional

Closing: Tuesday 30th April 2024

[Apply Now](#) <sup>[1]</sup>

£30,084 per annum plus overtime and benefits

The Bristol Port Company is the UK's premier car handling port with a current throughput of 650,000 vehicles per annum. We have achieved this position against very keen competition from other ports by concentrating on the quality of our service, delivered through a committed workforce. We intend to build on this success by strengthening our team of permanent operatives, whose principal focus is the car trade, although other duties are undertaken when requirements arise.

### **Car Trade Operatives – Key Responsibilities:**

Principal duties will include:

- Driving motor vehicles on and off of vessels and between compounds
- Lashing and unlashng vehicles
- Marshalling drivers
- Monitoring quality standards

There will also be opportunities to work on our other trades.

### **Car Trade Operatives – Hours:**

The basic working month will be 169.5 hours, which will be worked in any combination of the comprehensive range of shift patterns which operate at the Port, and which are varied from time to time in order to meet changing requirements. Shifts operate over 24 hours per day and seven days per week.

Shifts may be ordered, in any combination, over 7 days, at the Company's option; thus rest days may fall on any day of the week. Overtime payments will be made after 169.5 hours per month have been worked. Overtime will be paid at time plus one quarter for the first 24 hours in any month and at the rate of time plus one half thereafter.
