

Meet Alex Channing Operations Manager

**THE BRISTOL
PORT COMPANY**

WHAT IS YOUR DAY TO DAY ROLE?

The planning and execution of discharging vessels. From the loading and unloading of Steel, Pulp, Plywood to Project Cargo and Heavy Lift planning.

HOW DID YOU GET TO THIS POSITION?

I started off as a General Assistant, learning and gaining skills to then become a General Operative. I kept working hard and learning as much as I could so I could move up to the next level. I then became a Supervisor, Senior Supervisor and now I am a Manager!

WHAT IS YOUR FAVOURITE THING ABOUT THE JOB?

It is different every day and the trades are diverse! I started in this industry when I was 18 years old, I am now 42 and would not change a thing. I love the camaraderie, the good banter and all the different characters I get to work with.

WHAT ARE YOUR FUTURE AMBITIONS?

The great thing about Bristol Port is that everyone has an opportunity to get to the level they want to go. I started from the bottom and I don't want to stop aiming high!
